What:

The Georgia Office of the Small Business Administration will host an official check presentation for the SBA guaranteed loan made to the FuegoMundo Restaurant for its new establishment at The Prado development in Sandy Springs. The event starts at 10:30 a.m.

The FuegoMundo Restaurant became the first small business in Georgia to receive an SBA small business loan under the American Recovery Act, with a 90 percent guarantee and no fees to the borrower. The Recovery Act makes SBA part of the solution for small businesses trying to deal with the current economy, including specific tools to make it easier for them to get loans. <http://www.sba.gov/ga>

Topics/Agenda:

SBA District Director Terri Denison will present the SBA loan check to Ms. Hleap-Herskovitz at her new restaurant. Joining District Director Denison will be representatives from Signature Bank, the City of Sandy Springs, and other government and business officials.
